

Deutsche Akkreditierungsstelle GmbH

Entrusted according to Section 8 subsection 1 AkkStelleG in connection with Section 1 subsection 1 AkkStelleGBV

Signatory to the Multilateral Agreements of EA, ILAC and IAF for Mutual Recognition

Accreditation

The Deutsche Akkreditierungsstelle GmbH attests that the inspection body

IMA Materialforschung und Anwendungstechnik GmbH
Wilhelmine-Reichard-Ring 4, 01109 Dresden

at the locations

Wilhelmine-Reichard-Ring 4, 01109 Dresden
Am Lagerplatz 4, 01099 Dresden

is competent under the terms of DIN EN ISO/IEC 17020:2012 as inspection body Type A to carry out inspections in the following fields:

Inspection of products, product groups and components in the product areas (containers, profiles as well as pipes, fittings and pipe systems made of plastics, fiber reinforced plastics, plastic metal composites, metal) within the certification programs of building materials and construction products

Inspection of factory production control of products (containers, profiles, pipes, pipe fittings, fittings and pipe systems made of plastics, fiber reinforced plastics, plastic-metal sandwich structures, metal) their product groups and components according to defined regulations and determination of their conformity with the specified requirements and - on the basis of expert assessment - with general requirements

The accreditation certificate shall only apply in connection with the notice of accreditation of 07.11.2018 with the accreditation number D-IS-13119-01. It comprises the cover sheet, the reverse side of the cover sheet and the following annex with a total of 10 pages.

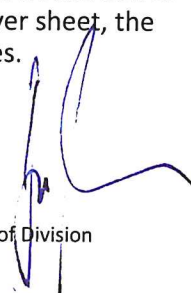

Registration number of the certificate: **D-IS-13119-01-00**

Berlin,
07.11.2018

Dr. Heike Manke
Head of Division

Translation issued:
07.06.2019

Head of Division

The certificate together with its annex reflects the status at the time of the date of issue. The current status of the scope of accreditation can be found in the database of accredited bodies of Deutsche Akkreditierungsstelle GmbH.
<https://www.dakks.de/en/content/accredited-bodies-dakks>

This document is a translation. The definitive version is the original German accreditation certificate.

See notes overleaf.

Deutsche Akkreditierungsstelle GmbH

Office Berlin
Spittelmarkt 10
10117 Berlin

Office Frankfurt am Main
Europa-Allee 52
60327 Frankfurt am Main

Office Braunschweig
Bundesallee 100
38116 Braunschweig

The publication of extracts of the accreditation certificate is subject to the prior written approval by Deutsche Akkreditierungsstelle GmbH (DAkkS). Exempted is the unchanged form of separate disseminations of the cover sheet by the conformity assessment body mentioned overleaf.

No impression shall be made that the accreditation also extends to fields beyond the scope of accreditation attested by DAkkS.

The accreditation was granted pursuant to the Act on the Accreditation Body (AkkStelleG) of 31 July 2009 (Federal Law Gazette I p. 2625) and the Regulation (EC) No 765/2008 of the European Parliament and of the Council of 9 July 2008 setting out the requirements for accreditation and market surveillance relating to the marketing of products (Official Journal of the European Union L 218 of 9 July 2008, p. 30). DAkkS is a signatory to the Multilateral Agreements for Mutual Recognition of the European co-operation for Accreditation (EA), International Accreditation Forum (IAF) and International Laboratory Accreditation Cooperation (ILAC). The signatories to these agreements recognise each other's accreditations.

The up-to-date state of membership can be retrieved from the following websites:

EA: www.european-accreditation.org

ILAC: www.ilac.org

IAF: www.iaf.nu

Deutsche Akkreditierungsstelle GmbH

Annex to the Accreditation Certificate D-IS-13119-01-00 according to DIN EN ISO/IEC 17020:2012

Valid from: 07.06.2019

Date of issue: 07.11.2018

Holder of certificate:

**IMA Materialforschung und Anwendungstechnik GmbH
Wilhelmine-Reichard-Ring 4, 01109 Dresden**

for its inspection body Type A

at the locations:

**Wilhelmine-Reichard-Ring 4, 01109 Dresden
Am Lagerplatz 4, 01099 Dresden**

Inspections in the fields:

Inspection of products, product groups and components in the product areas (containers, profiles as well as pipes, fittings and pipe systems made of plastics, fiber reinforced plastics, plastic metal composites, metal) within the certification programs of building materials and construction products

Inspection of factory production control of products (containers, profiles, pipes, pipe fittings, fittings and pipe systems made of plastics, fiber reinforced plastics, plastic-metal sandwich structures, metal) their product groups and components according to defined regulations and determination of their conformity with the specified requirements and - on the basis of expert assessment - with general requirements

The inspection procedures are marked with the following symbols for the locations at which they are carried out:

Inspektion body BI1 = Wilhelme-Reichard-Ring 4, 01109 Dresden

Inspektion body BI2 = Am Lagerplatz 4, 01099 Dresden

Inspections according to the inspection instructions

QBI/1 2016-11	Operation of IMA inspection bodies - Procedural instructions Inspections for the control of the products, factory production control and sampling at the place of production
------------------	--

Inspections of the following areas are carried out on the respective basis of the listed certification programs, assessment and basic test standards)

1. Inspection of plastic components (BI 1)

1.1 Inspection of plastic components accordance with general building approvals

Containers and collecting devices and drainage-free collecting pits made of thermosets; Reactive resins; textile reinforcing materials	Z-40.11-... Z-40.12-... Z-40.14-... Z-40.15-... Z-40.16-..
Coatings for collecting trays and discharge surfaces	Z-59.11-... Z-59.12-... Z-59.15-... Z-59.16-... Z-59.17-..
Components made of composites and glass-reinforced plastics, components made of thermoplastics; Reaction resin bonded building materials	Z-10.1-... Z-10.5-... Z-10.6-... Z-10.7-... Z-10.9-...
Reinforcement textile	Z-31.10-..
