

Electrical and Telecommunication calibration

Calibration of electrical measuring instruments, with ENAC accreditation to ISO 17025 standard

Applus+ Laboratories offers the laboratory and on-site [calibration of electrical measuring instruments](#). We operate in accordance with ISO 17025, thereby ensuring international standards of traceability, and we are also ENAC (ILAC) accredited.

Measurement variables and ranges:

- Resistance
- Capacity
- AC/DC intensity
- AC/DC voltage
- Time and frequency
- Output

Instruments we can calibrate:

- AC/DC voltmeters
- Signal generators
- AC/DC amp meters and watt meters
- Oscilloscopes
- Resistance, impedance, inductance and capacity bridges
- Frequency meters and universal meters
- Chronometers and tachometers
- Signal and function generators
